ABOUT ME

I am Electronics and Communication Engineer who has a passion in working with IOT and AIML integration and curious to learn about the AI by working on it. I challenge myself to face the real world problem and provide solution in a short period of time using AI.

Education

Sri Krishna College of Engineering and Technology	Coimbatore, TN
Electronics and Communication Engineering CGPA : 8.34	08/2023 - current
Kendriya Vidyalaya	Chennai, TN
Higher Secondary School (XII) PERCENTAGE : 85.2	04/2022 - 03/2023
Senior Secondary School (X) PERCENTAGE : 77	04/2020 - 03/2021

Skills

Programming Languages: Python, Java, C++, C
Tools and Frameworks: GitHub, vscode, Tensorflow, jupyter, google Colab
Languages: Tamil, English, Hindi

PROJECT

- 1: OPTIMIZING CUSTOMER RESPONSE PREDICTION IN BANK MARKETING CAMPAIGNS
 - Built a machine learning classification model to predict customer subscription likelihood for bank telemarketing campaigns using 30,000+ historical records.
 - Performed EDA and feature analysis to identify high-impact factors and trained Logistic Regression, Random Forest, and XGBoost models. Achieved Runner-Up position in a Machine Learning Hackathon conducted by the University of Hyderabad.
- 2: SKILL TRACKER
 - Built a simple Skill Tracker web application using HTML, CSS, and JavaScript.
 - Developed basic backend logic using Node.js.
 - Stored and managed skill data using MongoDB.
- 3: WASTE SEGREGATION SYSTEM & WEB MONITORING
 - Built a smart waste system to separate metal and dry waste using sensors.
 - Used IR and metal sensors for automatic waste detection.
 - Monitored waste data using a simple web dashboard.

Experience

AIML INTERN	
CODEBIND TECHNOLOGIES	Dec, 2024 - Jan, 2025
◦ Gained foundational understanding of Artificial Intelligence and Machine Learning, Including basic algorithms and common Industry use cases. ◦ Built introductory ML projects such as a simple chatbot and an emotion detection model to apply core concepts.	
AI INTEGRATION IN WEB AND MOBILE DEVELOPMENT INTERN	
NATIONAL SMALL INDUSTRIES CORPORATION(NSIC)	May, 2025
◦ Learned the basics of AI Integration concepts In web and mobile application workflows. ◦ Explored application structure and data flow In AI-enabled systems through guided hands-on activities.	

Awards and Honors

1. Hackathon Runner-up – University of Hyderabad
2. App Development – IIT Palakkad
3. Google Cloud Agent AI Day
4. 5-Day AI Agents Intensive Course with Google
